

Table des matières de l'année 1976

I. — Travaux originaux

Liste alphabétique par noms d'auteurs

BRIHAYE J., MOUAWAD E. et JEANMART L. (Bruxelles). L'anévrysme de la bifurcation carotidienne intra-crânienne	129
BROTCHI J. (Liège). ACTH-thérapie et oedème cérébral péritumoral	193
CAPON A., HILDEBRAND J., VERBIST A., FRUHLING J. and BALERIAUX D. (Brussels). Changes in regional cerebral blood flows produced by dexamethasone in patients with brain metastases	325
COERS C. et TELERMAN-TOPPET N. (Bruxelles). Modifications de l'innervation des muscles myasthéniques en relation avec l'âge	65
COLIN BROWN J. and STANLEY E. (Norwich Norfolk). Improvement in peripheral nerve function immediately after haemodialysis	320
COLLARD M. et DUPONT H. (Montignies-le-Tilleul). Tomodensitométrie cérébrale. Etude critique de 3.000 dossiers	293
COLLIGNON R., RECTEM D., LATERRÉ E.C. et STROOBANDT G. (Louvain). Aspect neuropsychologique de l'hydrocéphalie normopressive	74
DELOCHE G., SERON X., SAILLANT B., MOULARD G. et CHASSIN G. (Paris). Rééducation programmée d'un cas d'agraphie	201
DELWAIDE P.J. et REZNIK M. (Liège). Cardiomyopathie et amyotrophie myotonique proximale d'évolution rapide chez un athlète	212
DEMEURISSE G. (Bruxelles). L'EEG peut-il contribuer au diagnostic de thrombose bilatérale de l'artère carotide ?	16
DE REUCK J. and VANDER EECKEN H. (Ghent). The arterial angioarchitecture in lacunar state	142
DE VOOHT H. and VAN DEN BERGH R. (Leuven). The syndrome of the posterior retroparotid space	21
DIERICK M., VAN ZANDIJCKE M., REMOUCHAMPS A. (Ghent). The influence of prostaglandin E2 on the electroencephalogram of normal subjects and epileptic patients	220
FARRIAUX J.P., DHONDT J.L., FORMSTECHER P., MARTIN J.J., POLLITT R.J., KINT J., LAGROU A., MARDENS Y. et FONTAINE G. (Lille). Etude anatomo-biochimique d'un cas néo-natal d'arginino-succinylurie	26
GALEA DEBONO A., MARSDEN C.D. and PARKES J.D. (London). α and β dopamine receptors ?	315
GEETS W. (Bruxelles). Céphalée épileptique	10

CONSETTE R.E. (Ottignies). Cervical myelography with a new resorbable contrast medium : Ampaque	283
JACQUY J., JEANMART M., URBAIN M., PIRAUX A. et NOËL G. (Charleroi). Etude de la résistance circulatoire cérébrale par l'effet Doppler et la rhéographie	5
JELLINGER K. (Vienna). Neuropathological aspects of dementias resulting from abnormal blood and cerebrospinal fluid dynamics	83
KLOSS K. und TWERDY K. (Innsbruck). Liquorableitungsoperationen bei dementiellen Zustandsbildern	245
LATERRE Ch. and STROOBANDT G. (Louvain). Changes in clinical signs after decompressive laminectomy in cervical spondylosis with myelopathy	286
LOMBAERT A., DOM R., CARTON H. and BRUCHER J.M. (Louvain). Progressive pontobulbar palsy with deafness. A clinico-pathological study	309
MARTIN J.J., CEUTERICK Ch. et EDGAR G.W.F. (Antwerpen). La céroïdo-lipofuscinose infantile généralisée (type Hagberg-Santavuori). A propos d'une nouvelle observation et de l'étude rétrospective de deux autres cas	103
MARTIN J.J., CLARA R., CEUTERICK Ch. and JORIS Cl. (Berchem-Antwerp). Is congenital fibre type disproportion a true myopathy?	335
MONSEU G., STRUELENS M. and ROLAND M. (Brussels). Bismuth encephalopathy	301
NANDA R.N., JOHNSON R.H. and KEOGH H.J. (Glasgow). Treatment of neurogenic orthostatic hypotension with a monoamine oxidase inhibitor and tyramine	295
NEWSOM DAVIS J., LOH L. and CASSON M. (London). The effects of respiratory muscle weakness on the pattern of breathing	291
NURICK S. (Haywards Heath). The pathogenesis of cervical spondylotic myelopathy	274
ORBAN L.C., VAN ZANDIJCKE M. and DIERICK M. (Ghent). Periodic electroencephalographic complexes and subacute sclerosing panencephalitis. A case report and a survey of literature	150
OTTE G., DE COSTER W., THIERY E., DE REUCK J. and VANDER EECKEN H. (Ghent). Subacute myelo-optic neuropathy. A toxic or a viral etiology?	331
REZNIK M. (Liège). Réticulosarcome primitif du système nerveux central	227
SHAW D.A. and CARTLIDGE N.E.F. (Newcastle Upon Tyne). Cervical myelopathy in rheumatoid arthritis	279
STOUPÉL N. et COLLIER A. (Bruxelles). A propos d'une observation de décharges périodiques dans un accident vasculaire cérébral	159
STOUPÉL N. Opening speech	273
VANDERHAEGHEN J.J., SIGNEAU J.C., LOTSTRA F., LEEMPOEL M. and THIRION M. (Brussels). Brain gastrin like peptide in the vertebrate	318
van de MORTEL I. et FRANCK G. (Liège). Etude pharmacocinétique du di-n-propylacétate de sodium sous ses formes ordinaire et retard	165
WALTREGNY A. and DARGENT J. (Liège). Preliminary report : parenteral Lorazepam in induced epileptic states in man	173
WILKINSON M. (London). The clinical aspects of myelopathy due to cervical spondylosis	276

II. — Table analytique des matières

Agraphie.

- Rééducation programmée d'un cas d'agraphie (Deloche G., Seron X., Saillant B., Moulard G. et Chassin G.) 201

Anévrysme.

- L'anévrysme de la bifurcation carotidienne intra-crânienne (Brihaye J., Mouawad E. et Jeanmart L.) 129

Circulation cérébrale.

- Etude de la résistance circulatoire cérébrale par l'effet Döppler et la rhéographie (Jacquy J., Jeanmart M., Urbain M., Piraux A. et Noël G.) 5
- Neuropathological aspects of dementias resulting from abnormal blood and cerebrospinal fluid dynamics (Jellinger K.) 83
- Changes in regional cerebral blood flows produced by dexamethasone in patients with brain metastases (Capon A., Hildebrand J., Verbist A., Fruhling J. and Baleriaux D.) 325

EEG.

- L'EEG peut-il contribuer au diagnostic de thrombose bilatérale de l'artère carotide? (Demeurisse G.) 16
- The influence of prostaglandin E2 on the electroencephalogram of normal subjects and epileptic patients (Dierick M., Van Zandijcke M. and Remouchamps A.) 220
- Periodic electroencephalographic complexes and subacute sclerosing panencephalitis. A case report and a survey of literature (Orban L.C., Van Zandijcke M. and Dierick M.) 150
- A propos d'une observation de décharges périodiques dans un accident vasculaire cérébral (Stoupel N. et Collier A.) 159

Encéphalite.

- Periodic electroencephalographic complexes and subacute sclerosing panencephalitis. A case report and a survey of literature (Orban L.C., Van Zandijcke M. and Dierick M.) 150

Encéphalopathie.

- Bismuth encephalopathy (Monseu G., Struelens M. and Roland M.) 301

Enzymologie.

- Brain gastrin like peptide in the vertebrate (Vanderhaeghen J.J., Signeau J.C., Lostra F., Leempoel M. and Thirion M.) 318

Epilepsie.

- The influence of prostaglandin E2 on the electroencephalogram of normal subjects and epileptic patients (Dierick M., Van Zandijcke M. and Remouchamps A.) 220
- Céphalée épileptique (Ceets W.) 10
- A propos d'une observation de décharges périodiques dans un accident vasculaire cérébral (Stoupel N. et Collier A.) 159
- Preliminary report : parenteral Lorazepam in induced epileptic states in man (Waltregny A. and Dargent J.) 173

Hydrocéphalie.

Aspect neuropsychologique de l'hydrocéphalie normopressive (Collignon R., Rectem D., Laterre E.C. et Stroobandt G.)	74
Neuropathological aspects of dementias resulting from abnormal blood and cerebrospinal fluid dynamics (Jellinger K.)	83
Liquorablenungsoperationen bei dementiellen Zustandsbildern (Kloss K. und Twerdy K.)	245

Muscle.

Cardiomyopathie et amyotrophie myotonique proximale d'évolution rapide chez un athlète (Delwaide P.J. et Reznik M.)	212
Modifications de l'innervation des muscles myasthéniques en relation avec l'âge (Coers C. et Telerman-Toppet N.)	65
Is congenital fibre type disproportion a true myopathy? (Martin J.J., Clara R., Ceuterick Ch. and Joris Cl.)	335
The effects of respiratory muscle weakness on the pattern of breathing (Newson Davis J., Loh L. and Casson M.)	291

Myasthénie.

Modifications de l'innervation des muscles myasthéniques en relation avec l'âge (Coers C. et Telerman-Toppet N.)	65
------------------------------------------------------------------------------------------------------------------	----

Myélite.

Subacute myelo-optic neuropathy. A toxic or a viral etiology? (Otte G., De Coster W., Thiery E., De Reuck J. and vander Eecken H.)	331
------------------------------------------------------------------------------------------------------------------------------------	-----

Myélopathie cervicale.

Cervical myelography with a new resorbable contrast medium: Amipaque (Consette R.E.)	283
Changes in clinical signs after decompressive laminectomy in cervical spondylosis with myelopathy (Laterre Ch. and Stroobandt G.)	286
The pathogenesis of cervical spondylotic myelopathy (Nurick S.)	274
Cervical myelopathy in rheumatoid arthritis (Shaw D.A. and Cartledge N.E.F.)	279
The clinical aspects of myelopathy due to cervical spondylosis (Wilkinson M.)	276

Nerfs crâniens.

The syndrome of the posterior retroparotid space (De Vooght H. and Van den Bergh R.)	21
--------------------------------------------------------------------------------------	----

Nerf périphérique.

Improvement in peripheral nerve function immediately after haemodialysis (Colin Brown J. and Stanley E.)	320
----------------------------------------------------------------------------------------------------------	-----

Neurochimie.

Etude anatomo-biochimique d'un cas néo-natal d'arginino-succinylurie (Farriaux J.P., Dhondt J.L., Formstecher P., Martin J.J., Pollitt R.J., Kint J., Lagrou A., Mardens Y. et Fontaine G.)	26
α and β dopamine receptors? (Galea Debono A., Marsden C.D. and Parkes J.D.)	315

Neuropathologie.

The arterial angioarchitecture in lacunar state (De Reuck J. and Vander Eecken H.)	142
------------------------------------------------------------------------------------	-----

Neuropathological aspects of dementias resulting from abnormal blood and cerebrospinal fluid dynamics (Jellinger K.)	83
Progressive pontobulbar palsy with deafness. A clinico-pathological study (Lombaert A., Dom R., Carton H. and Brucher J.M.)	309
La céréoidolipofuscinose infantile généralisée (type Hagberg-Santavuori). A propos d'une nouvelle observation et de l'étude rétrospective de deux autres cas (Martin J.J., Ceuterick Ch. et Edgar G.W.F.)	103
Réticulosarcome primitif du système nerveux central (Reznik M.)	227

Neuropsychologie.

Aspect neuropsychologique de l'hydrocéphalie normopressive (Collignon R., Rectem D., Laterre E.C. et Stroobandt G.)	74
-------------------------------------------------------------------------------------------------------------------------------	----

Thérapeutique.

Treatment of neurogenic orthostatic hypotension with a monoamine oxidase inhibitor and tyramine (Nanda R.N., Johnson R.H. and Keogh H.J.)	295
Etude pharmacocinétique du di-n-propylacétate de sodium sous ses formes ordinaire et retard (van de Mortel I. et Franck G.)	165
Preliminary report : parenteral Lorazepam in induced epileptic states in man (Waltregny A. and Dargent J.)	173

Thrombose cérébrale.

L'EEG peut-il contribuer au diagnostic de thrombose bilatérale de l'artère carotide ? (Demeurisse G.)	16
A propos d'une observation de décharges périodiques dans un accident vasculaire cérébral (Stoupe N. et Collier A.)	159
The arterial angioarchitecture in lacunar state (De Reuck J. and Vander Eecken H.)	142

Tomodensitométrie.

Tomodensitométrie cérébrale. Etude critique de 3.000 dossiers (Collard M. et Dupont H.)	293
---------------------------------------------------------------------------------------------------	-----

Toxiques.

Bismuth encephalopathy (Monseu G., Struelens M. and Roland M.)	301
Subacute myelo-optic neuropathy. A toxic or a viral etiology ? (Otte G., De Coster W., Thiery E., De Reuck J. and vander Eecken H.)	331

Tumeur cérébrale.

ACTH-thérapie et œdème cérébral péritumoral (Brotchi J.)	193
Changes in regional cerebral blood flows produced by dexamethasone in patients with brain metastases (Capon A., Hildebrand J., Verbiest A., Fruhling J. and Baleriaux D.)	325
Réticulosarcome primitif du système nerveux central (Reznik M.)	227

III. — Bibliographie

BARER R. and COSSELET V.E. Advances in optical and electron microscopy	259
